Arsenic g/kg	---	≤3
Mercury	---	≤1
Formic acid, formates and other oxidisable substances mg/kg	---	≤1000

**Applications :** Buffer.

**Packing :**25kgs net paper bags.

**Storage and transport :** It should be stored in a ventilative and dry warehouse instead of in the open air, kept away from water, moisture and sunlight during transport, handled with care, so as to avoid damage to plastic bags. Furthermore, it should be stored separately from poisonous substances.

**Shelf life:** two years.

We're Sodium Acetate Anhydrous **Manufacturers, Suppliers and Wholesalers** in China.

Based on our 15 years in food additives & ingredients market, we have a knowledge of China market and manufacturers. We can help our abroad customers save time selecting good manufacturers and update the current market in China.
