Menadione Nicotinamide Bisulfite Specification

Vitamin K3, Menadione Nicotinamide Bisulfite, MNB in animal liver, involved in the synthesis of thrombin, has a unique role in hemostasis, but also can prevent animal physical weakness, subcutaneous bleeding.

Menadione Nicotinamide Bisulfite is not only more stable and biologically active than Menadione sodium bisulfite, but also can reduce the addition of nicotinamide in the feed. It is essential for the life of animals, which takes participation in the synthesis of hepatic prothrombin in the lever, takes a unique hemostatic effect and simultaneously prevents the animals from the weakness and subcutaneous hemorrhage.

Applied before the debarking of chick, Menadione sodium bisulfite can reduce the bleeding; accelerate the recovery of wound ad promote the growth. It can relieve or even avoid the toxicity reaction when taking with Sulfa Drugs; it also enhances diseases prevention by taking with anti-coccidian drug, white diarrhea and Fowl Cholera. With stress factors, the application of Menadione sodium bisulfite can relieve or even remove the stressful condition of animals while improving the effect of feed.

Menadione Nicotinamide Bisulfite

ITEM	SPECIFICATION
CAS No.	73581-79-0
Chemical Formula	$C_{11}H_{10}O_5S.C_6H_6N_2O$
Description	White or yellowish crystalline powder
Menadione content	≥43.7%

	PRODUCT SPECIFICATION	Rev. No.	03-201807
	Menadione Nicotinamide Bisulfite	Page	2/2

Water Content	≤1.0%
Nicotinamide	≥31.2%
Heavy metals(as Pb)	≤0.002%
Arsenic	≤0.0005%

Recommended amount in the formula feed for livestock:

MNB96: 2.5-11g per ton of compound feed.

Recommended amount in the formula feed for aquatic animals: MNB96: 4.5-37g per ton of compound feed.

Packaging & Storage:

Packaging: 25kg/carton net, inner plastic bag.

Storage: Store in dry, cool and dark places.

Shelf life: 24 months. Once the original cartons have been opened, please use the goods within a short period.

We're Menadione Nicotinamide Bisulfite **Manufacturers, Suppliers and Wholesalers** in China.

Based on our 15 years in food additives & ingredients market, we have a knowledge of China market and manufacturers. We can help our abroad customers save time selecting good manufacturers and update the current market in China.
