Food grade Potassium chloride manufacturing process

Crude potassium chloride as Raw material

Steam Heating

Dissolving Tank

Microfiltration

Raw material liquid storage tank

Microfiltration

Mother liquor refrigeration

Impurities processing

Residue processing

KCL Crystal

Clean air refrigeration

Vibrating screen

Mixing

Vibrating screen

Automatic Packer

Mixing

Automatic metal detector

Finished product

Vibrating Screen

Automatic inspector weight machine

Automatic thermal sealing machine

KCL Seriflux

Mother liquor tank

Steam heating

KCL Crystal

Waste liquor

Steam heating

KCL Seriflux

Automatic Packer

Mixing

Vibrating screen

Automatic metal detector

Finished product

KCL Seriflux

Automatic thermal sealing machine

Automatic Packer

Mixing

Vibrating screen

Automatic metal detector

Finished product

KCL Seriflux

Automatic thermal sealing machine

Automatic Packer

Mixing

Vibrating screen

Automatic metal detector

Finished product

KCL Seriflux

Automatic thermal sealing machine

Automatic Packer
